Thanks for the reminder of the bylaws. Probably a good idea to read these again every year. :).
Thanks also for the invitation to pop over to your house. I think we made it through the worst of it but there is a lot of summer left. :)

My apologies for asking after the fact but I would like approval for the shed that is currently in my back yard. I placed it against the fence between us and unit 6 but it is only slightly over the fence and it is in similar colouring to the building.

Furthermore the rain is carried by built in gutters and kept onto my side of the fence.

Hope that is OK. :)
